

# R-J TRAPS AND BAIT NETWORK MAP

Name of farm/building identification: ..... PID#: .....

Site Manager: ..... Date: .....

(yy/mm/dd)

Person in charge: ..... Last update: .....

(year)

## INSTRUCTIONS

This record should indicate all traps and baits on the premises (i.e., PID-registered site).  
Draw the premises plan and identify where the traps and baits are located.

A large grid for drawing the premises plan and identifying trap and bait locations. The grid consists of 20 columns and 20 rows of small squares, suitable for sketching a site layout.
