# Collaboration for prevention

Federal and provincial governments and industry are coming together to prevent entry and mitigate the impacts of ASF in Canada.

The **ASF Executive Management Board** has been brought together to develop and implement Canada's Action plan on ASF.

# The Action Plan has two main objectives:

**Prevention** .....  
Canada remains free of ASF

Objectives

.....**Preparedness**  
The effects of an ASF outbreak  
are minimized

Key  
outcomes

Effectiveness of border and post-border  
activities is enhanced

...

Stakeholder compliance with import  
requirements is improved

...

Stakeholders adopt enhanced  
biosecurity measures

Canada's wild pig population is managed

...

Canada quickly controls an ASF outbreak

Trade continues with top importing countries

...

Confidence in Canadian pork is maintained

...

Sector is able to adapt to market changes
